ULUF SERIES

- Low energy consumptio
- Low noise level
- Low heat dissipation
- Insulated inner doors
- Castors and door key
- Ergonomic loading
- Heated door frame
 Heated vacuum valve

 - 100% HCFC/CFC free
 - Porthole for external temperature probes

ULUF 450

The ULUF -86°C range are products of our passion, striving after excellence when we offer the best in ultra low temperature freezing. Once again, we set new standards with the most user friendly controller in the market. All features such as alarms and data logging functions are always included as standard. This range consists of 9 different models starting from a volume of 7 L. up to 826 L. To facilitate the installation of your freezer, the ULUF 450 and ULUF 850 are now also available with an exterior height of only 2 meters. The ULUF -86°C series is produced with the true and original single compressor technology.

ALL STANDARD FEATURES

- Micro processor controller with digital display
- Approx. 72 hours battery back up for alarms, loggings and temperature display in case of power cut
- Prepared for GSM alarm
- Prepared for connection of 2 additional probes
- Auto cycle in case of probe failure
- Ambient temperature display
- Direct download of logged data on USB memory stick
- Direct upload o new sotware via USB memory stick
- 3-level password protected
- Battery level indication
- Display text available in different languages
- Temperature graph
- Integrated data logger
- RS485/RS232 interface
- Integrated memory for 30 years
- Visual and acoustic alarm
- Adjustable high/low temperature alarm
- Power failure alarm
- Probe failure alarm
- Instrument failure alarm
- Open door alarm
- Contact for remote alarm
- Shows all alarms

Optional

The GSM alarm module sends a SMS message to one or several coded telephone numbers in case the temperature exceeds a fixed range.

2 SVS voltage stabilizers for excellent output voltage stability in case the voltage rises or drops.

3 Chart recorder for documentation of the temperature condition over a certain period of time.

4 CO₂ back up system ensures optimized safety.

5 Our multi purpose drawer system offers a great way to keep your samples in order.

6 Cryo gloves protect your hands and prevent frost bites when handling samples wich are stored at down to -160 °C.
